

Bus Policy – Student Drop off Preference

Dear Parents:

As we prepare our bus transportation program, we need to plan the route for the coming year. Please indicate if you would like transportation in the am or pm or both.

am pm both

It is our highest priority to safely transport your student to and from the Academy. In an effort to make sure your student is safe when dropped off, the bus driver is instructed to wait for an adult to be present to greet the student.

No students may be transported until all the signed forms are received.

If you have any questions, please contact the school office.

Please read the bus code of conduct with your student and have it signed by student and parents and return. Also, read and sign student drop-off preference form below and return it. All forms must be signed and returned before a student may be transported.

STUDENT DROP OFF PREFERENCE

I do not authorize the Academy bus driver to drop my child at his/her stop without an adult present to greet them. Child's first & last name:

OR

I (*parent name*) _____ authorize the Academy bus driver to drop my child _____ at his/her bus stop without an adult present to greet them. I understand that the bus driver will continue on with their route and the student will no longer have supervision.

Parent Signature: _____
